### **Pakistani military making progress**

By CHRIS BRUMMITT

BANAI BABA ZIARAT, Pakistan A Pakistani flag now flies over army troops dug in on a strategic ridge that until two days ago was held by the Taliban, a base where militants trained fighters, built tunnels and equipped caves with electricity and air vents.

The takeover of the highest Taliban stronghold in the Swat Valley by troops who stormed up its jagged, rubble-strewn slopes seems to be evidence of the success of Pakistan's month-old army offensive. The action has been welcomed by the United States, which fears the nuclear-armed country is capitulating to the militants.

### **Congo Exorcisms**

According to a United Nations report issued this year, a growing number of children in the Democratic Republic of Congo are being accused of witchcraft and subjected to violent exorcisms by religious leaders, in which they are often beaten, burned, starved and even murdered. The relatively new phenomenon has become one of the main causes in Central Africa for humanitarian groups, which are organizing programs to protect children's rights and educate pastors on the dangers of accusing children.

### **Suggestion Box**

Following are suggestions and feedback I'd like to share. If you have any comments or suggestions, please let me know. It's through sharing and pooling our ideas that the healing becomes easier and more effective!

SYMBOL PAGES: It's been suggested that in order to keep from having to

go back to the symbol pages during a healing, that you merely insert them behind the healing pages you are using. In otherwords, such as "Countries and Locations", or "Groups". Although the page numbers will be out of order, the pages will be much handier when doing a healing.

CARDS: Another suggestion is that for those times when you don't/can't have your guide book with you, laminated cards could be used. These cards would have all the symbols plus instructions. This would make it extremely handy during travel, or to carry in your purse for a quick healing. Let me know if you think these would be handy for you.

SHARING NEWS: In this Newsletter, I've shared a couple news articles. I felt this might be helpful on an on-going basis.

## DivinePeaceHealing

TALIBAN: Regarding the news on the Taliban, I think it's helpful for us to note what is transpiring, however small. With our healings on-going, it is very possible we helped to bring this about.

## About Us

SHARING DISTASTEFUL NEWS: Distastefull and horrific as it is, I included what was happening in the Congo. It's a reality - it's happening, and we have the power to change it. This is why it's included.

## E-mail Us

During our first DPH healings in class, Michelle chose all the women and children in Africa. I remember Toni saying she immediately felt a very strong and overwhelming sadness. When Anne told me about the Congo, I immediately wondered if that was part of what Toni was feeling.

## Healer's Feedback

"I still can't get over how powerful the energy was on Saturday. I haven't fully comprehended it, just yet!!"

## Share Your

"I am so excited about this that I can hardly do my work. I simply need space to process everything right now. Thank you for sharing this wonderful healing!"

## Experiences

"Thanks to everyone for such an amazing experience yesterday. I'm still in disbelief about the power of that energy! "

"I'm getting a lot done, and several things are falling into place more easily than usual. But most important, I've noticed that, overall, I'm happier. Sure, there are ups and downs, but the downs don't go down as far, and I've been much more resilient when things come up. This change has definitely been noticed by others, and it started soon after the DPH class (within 24 hours). I hope this "side effect" lasts the rest of my lifetime!!!"

"The only changes, I have experienced is that I am feeling a lot better. That really is huge for me. Now that I am feeling better, I intend to do more healings and I am looking forward to what is coming."

Margaret's Note: "I measured the CC's of the energy while we were in the

process of the DPH Healing. It was **825!!!**" That's incredible!! It's no wonder we were feeling spacey."
