****ALERT - NORTH KOREA**

DPH Guides

We want you to realize the situation in North Korea is critical on a global level and all of you can help.

"Country and Location" healings need to be carried out on this country. This is extremely important, because the air and land is literally heavy and permeated with layers of imprints from past wars, pain and suffering and from events that are on-going at present.

To bring about change, clearings and healings need to be carried out. It is imperative in this case and anything you can do will help.

Margaret's Note: During a healing I was receiving at last Tuesday night's class on 6/9/09, I began to receive information regarding North Korea above. This is a first for me to receive this type of information. I figured it must be pretty important or the guides would not have communicated it to me. Then a few days later, the below occurred.

NORTH KOREA VOWS TO WEAPONIZE ITS PLUTONIUM

Times Online 6/13/09

North Korea has vowed to weaponize all its plutonium and threatened military action against the United States and its allies after the UN Security Council approved new sanctions to punish the communist nation for its recent nuclear test.

Its Foreign Ministry also acknowledged for the first time the country's uranium enrichment program - previously denied - and insisted it will never abandon its nuclear ambitions.

SIMPLIFYING COUNTRY AND LOCATION HEALINGS

DPH Guides

Tell a Friend

Just as mentioned in our earlier communication on "Groups and Organizations" (G&O), you can also "group" "Countries and Locations" (C&L). This should again make it much easier for you to heal multiple locations at one time. Set your intent and make your list, just as suggested in our communication on Groups and Organizations. Again you can group as many locations as you wish.

Before doing a healing, take a moment and give it some thought. Which healing would best serve my purpose? Let's take for example North Korea. What do you want to do - heal a small group or all the inhabitants? If you wish to heal all the inhabitants, which would include the leaders and the entire population, then what you should choose is a C&L healing. This will heal all the inhabitants PLUS doing all the clearings. (which in turn also helps the inhabitants)

[About Us](#)

In comparison, the healing on the Taliban/Al Quaida is quite different. You don't really know where all of them are located. They could be scattered throughout the world, so a G&O healing is best for them.

We realize that the G&O healings are shorter and thus you may have a tendency to do these almost exclusively. In the case of North Korea it is basically imperative that you do a C&L healing as explained above.

As you know there are various "hot spots" around the world. These "hot spots" are most usually C&L's. It is extremely important that these places be cleared as the people living on the land are affected tremendously by these negative influences.

Grouping these spots into a list and doing one C&L healing will save you a lot of time while accomplishing all these things at once. In this way it should be much easier to heal many troubled areas at one time.

Q: Could you list some of the hot spots in the world? I think it would make it easier for me to know these.

A: North Korea, South Korea, Afghanistan, Pakistan, Palestine, Iraq, Iran, Israel and Lebanon.
