****ALERT - IRAN**

Orange County Register 6/28/09

Several thousand protesters - some chanting "Where is my vote?" - clashed with riot police in Tehran on Sunday as Iran detained local employees of the British Embassy, escalating the regime's standoff with the West and earning it a stinging rebuke from the European Union.

Witnesses said riot police used tear gas and clubs to break up a crowd of up to 3,000 protesters who had gathered near north Tehran's Ghoba Mosque in the country's first major post-election unrest in four days

QUESTIONS AND ANSWERS

DPH Guides

Q) I have been healing the whole world instead of specific countries and locations. If I just focus on countries and locations, what about the healing of oceans, air above the oceans and land that isn't owned by any country?

A) You can choose either one of two ways to accomplish this:

Doing healing on a group that includes all the bodies of water on our planet could help pollution!

HOT SPOTS

Iran

North Korea

South Korea

1) By intent create a group that includes all the oceans, the air above them, and all land that is not owned by any specific country. Add this to your C&L List.

OR

2) Add a healing for the entire world to your C&L list, in addition to the specific countries and locations.

With either of these healings you will be doing a healing that is including the land masses that are not governed by any nation and all the oceans and the air above them. By including this on your C&L list AND "targeted countries and locations" you will be covering everything. Doing the healing in this manner is more effective than doing one healing on the entire world as we discussed in last week's Newsletter.

We wish to acknowledge you for this question because it truly shows your love for the entire planet.

Speaking of groups and bodies of water, you may also want to create a group including all the bodies of waters on your planet, such as oceans, rivers, ponds, lakes and streams. By stating in your intention "all bodies of water on the planet" you cover all of them. This would be a C&L healing.

We realize in the step of sending love to the "collective consciousness" there may be few people living on bodies of water, but do not leave this step out.

Think what this could accomplish. Water, as you probably know, is imprinted and conducts energy extremely easily. You can certainly imagine the number of imprints that are in this water. Because imprints hold negative energy, think how this might be affecting the pollution in your water and streams. Pollution will be covered in more detail in the months ahead, when you are ready, and the world is ready. Until then, including bodies of water on your C&L list would be a wonderful start.

Q) Can you use the symbols of other healings along with DPH?

A) The symbols can be used at the same session, but not at the same time. In other words you must complete the entire DPH healing, with all the steps. After that is complete, you can then use other types of healings and symbols if you desire. You cannot intermix them as the DPH healing is structured and follows certain steps, for definite reasons.

Q) Saying the words out loud while doing the healings in class seemed to increase the energy vibration. Does it?

A) Yes it most definitely does. That is why many of you have been drawn to do it this way. You can of course, do it either way - it is proper to do it either way, and you will find times when you certainly cannot say it aloud. If you want an increase in the energy then say it aloud. It increases the energy because it works on several different levels at the same time. The tone and vibration of the words help increase the energy.

Q) After the class has been completed can you then attune others?

A) No, this class allows you to place symbols in others for the purpose of healing. In order to attune others you would need to be a DPH Master.

Iraq
Afghanistan
Pakistan
Palestine
Israel
Lebanon
Syria

Q) Can we do a healing on WW II alone?

A) You can if you wish. It would need to be carried out as a C&L healing as follows:

1) Create a group of all the countries and locations where WW II was fought.

2) The clearings would be the same and so would the healings with one exception. When healing the inhabitants you would include all present and previous inhabitants.

Even though a good majority of the people living during WW II have passed, they will receive the healing. This will help them heal the horrific past they experienced during this traumatic time on the planet.
