## **North Korea Hints It's Open to New Nuclear Talks With U.S.**

By Tony Capaccio and Patrick Harrington

July 27 (Bloomberg) -- North Korea said it may be open to new negotiations on its nuclear program if it takes place outside of six-party talks involving the U.S., China, Russia, South Korea and Japan.

"There are other means of dialogue to resolve the current situation," North Korea's foreign ministry said in a statement carried by the official Korean Central News Agency today. "There is a specific and reserved form of dialogue that can address the current situation," the ministry said separately.

## **REVISITING THE CONGO**

There's a war raging in the Democratic Republic of the Congo -- a war that's killed approximately 5.4 million people since 1998. In fact, it's the deadliest conflict since World War II. And the most frequent targets in this hidden war are women, so much so that it's often called a "war against women."

And the most frequent weapon used to destroy them, their families and their communities is rape. Rape is used deliberately and strategically to terrorize, humiliate and attack the community bonds of those suspected of supporting an enemy group and to impose the supremacy of one group over another.

of doing healings on the Taliban and Al Quaida terrorist groups. I used my Pendulum and asked how long it would take to make a 10% difference with everyone doing 1 healing per day. The answer was 75 days. Thus our healing project was born.

**RESULTS 13% at the end of the 75 day period, Friday July 24, 2009.**

I can't tell you how excited and gratified I am with this result.

A huge thank you to all of you taking part in this. This shows we can make a difference!!

**CONGRATULATIONS FOR A JOB WELL DONE!!!!**

**HOT SPOT INFORMATION**

After seeing the difference we made above I decided to measure the "hot spots" also. I used as the starting figures the numbers from the calibration list in the GuideBook.

	<u>5/9</u>	<u>7/24</u>
Iran	205	<b>206</b>
Iraq	200	<b>201</b>
Pakistan	205	<b>206</b>
Korea N.	200	<b>202</b>
Korea S.	200	<b>203</b>
Afghanistan	201	<b>202</b>
Palestine	185	<b>185</b>
Israel	240	<b>241</b>
Lebanon	200	<b>202</b>
Syria	200	<b>202</b>

This was totally unexpected! Look at N. Korea up 2 points and S. Korea 3 points!!

I'll be sending out an E-mail this weekend about the new healing project.

Thanks to each and every one of you for your healings and the effort and time you put forth!!
