EARTHQUAKES

There have been disastrous earthquakes in both Indonesia and Samoa this week. Many people have perished and homes and businesses destroyed. If you could add both of these locations to your C&L list, it would not only help the people, but Mother Earth too!

I would like to add one more thing, "all the earthquake faults in the world". This would also help us here in Southern California. This would be added to the C&L list. The people living on those faults will get the benefit of clearings too!!

Separated Korean Families Reunited in North Korea

Sept. 26 (Bloomberg) -- A group of South Koreans crossed the heavily armed land border with North Korea today following the resumption of a program to reunite families separated since the 1950-1953 war.

The six days of meetings at the Mount Geumgang resort in North Korea are the first since October 2007. About 200 relatives, 100 from each side, were to participate and 97 South Koreans crossed the border today after three pulled out due to health concerns, South Korea's Unification Ministry said. About three-quarters of the participants were 70 or older.

The cross-border exchanges, which were agreed to in August, come amid other conciliatory gestures from the communist regime following its detonation of a nuclear device in May. The North's leader Kim Jong Il told a Chinese envoy on Sept. 18 he's prepared to return to international negotiations on dismantling his nuclear weapons programs.

Q&A.

Q: Can we include other people's lists on our own, such as "it is my intention to include everything on Margaret's list, on my list?"

A: The guides have said no, unless you see this person's list and know what is on it. In other words, you would need to be aware of what is on their lists.
