HEALTH CARE REFORM

Health care reform needs help big-time and we are just the ones who can do it.

Example:

"It is my intention to create a group "Health Care Reform Group" which includes everyone who is in any way related to health care reform."

This can be placed on your G&O List and now you know you are doing your part in helping to heal this situation.

CLEANSE THE CURRENCY

The following was contributed by Lisa Frumento, one of our DPH healers who had received it via an e-mail I thought it was such a fantastic idea I am including it in this week's Newsletter.

"This is a call to action, I invite you to participate, as we set a powerful intention to energetically clean all the currency and money. Together we will shift, heal and transform the matrix of the monetary system.

We live in a sea of vibrations, everything and everyone is frequency. Imagine that all currency/money could carry a frequency and vibrational contamination of lack, scarcity, fear, and greed that is energetically attached to the money that we receive and use each day. Think of all the places this money has traveled and all the individuals who have touched this currency leaving an energetic trace of their emotional state and beliefs. Be very aware that you could bring this contaminated energy into your wallets and your life. You have the opportunity to use your power of intention to energetically clean and clear all the money that comes into your life (**my addition**) **and in fact all of the money in the world.** Together we will create a world of shared abundance."

Location

Seal Beach Center
for Spiritaul
Living

Seal Beach

To do this, create a Country and Locations group. Example:

" It is my intention to create a C & L group which includes all the money in the world, and all banks and financial institutions, and their locations. This group is to be called Money Group."

Now you will add "Money Group" to your C&L List.

This one was a little tricky and I needed to ask the guides for help. Money is not a location nor is it a group or organization. So by adding "and their locations", you will be covering all your bases. Now you are clearing and healing money, the location of that money, and the locations of all banks and financial institutions in the world. How about that for an accomplishment!!!

Thanks Lisa for the great idea!!!

Q&A

Q: I have a question for you. When doing the group healing I know you said there isn't any limit to the groups that can be included in a healing, but it felt strange to include Philly's Healing Group along with the Taliban/AlQuaida and Mexican Drug Cartel groups. I guess I wanted confirmation that it's ok to include them together. The energies of the latter two are so negative and can be so draining though that I'm hoping it doesn't take away from Philly's group. Maybe a weird question to ask.. but it was bugging me so I'm asking!

A: I understand what you are saying and I appreciate your asking, but it's okay. The reason is that even though it's on a list, with other groups, the groups are named separately on that list. That means as a healing is done, each one named on the list is automatically completed separately.

Now for example if you "grouped Philly with the Taliban", actually set the intention you wanted that group to include Philly too then that would be a whole different story. But you're not doing that. You are naming her "group" and listing it separately on your list. Although it's on the same list, it is separate and apart.

Margaret Note: If you have any question or experience you would like to share, please don't hesitate to contact me. It is through our interactions and information that we learn and are able to accomplish even more to heal the world.
